St. Joseph County
Commission on Aging

Since 1973, the St. Joseph County Commission on Aging has, and remains committed to, providing seniors with services and programs to enhance quality of life and maintain independence. Almost 1,500 seniors receive help in their homes each year while nearly 3,000 seniors either receive a meal in their home or come to one of our senior centers to eat. Close to 40,000 seniors visit our centers each year to participate in a wide range of activities.

We need your help! We need volunteers who share our passion to create a healthy, active and independent senior community. We have volunteer opportunities for any level of time commitment or interest - any gift of time is appreciated. If you would like to get involved, contact Samantha Stone, our Life Enrichment Coordinator at 269.279.8083 or visit our website (sjccoa.com) and fill out our volunteer application form.

Join us in helping our county's senior citizens. Together we can make a difference in the lives of so many!
